# WHAT IS LEARNING ABROAD?

The Rutgers-Camden learning Abroad program is an alternative opportunity to a traditional semester or yearlong study abroad program. Our emphasis is on integrating brief periods of travel with regularly offered courses in our university curriculum.

2017-2018

Australia – Bolivia – Cuba – England – Ireland – France  
Germany – Guatemala – Israel – Panama – South Africa

“

The biggest highlight of my time abroad was the chance to give my first delivery to a baby at the Semmelweis University simlab. It was one of the greatest experiences of my life!

“

Traveling to South Africa with Rutgers-Camden was truly the trip of a lifetime. The experience went beyond my expectations and I learned so much to further my career, all while having an amazing time in a new country.

”

“

This sounds cliché but I literally had the time of my life as a result of this Learning Abroad course to the United Kingdom. Not only was it full of first time experiences for me such as flying, visiting Europe, and using the subway, but I was able to make a group of forever friends. I will never forget it. It was such an eye opener.”
